Emergency Evacuation Procedures

Dance and Theater (DATH) Building

Severe Weather
In the event of severe weather, all building occupants should immediately seek shelter in the designated shelter-in-place area in the building. If unable to safely move to the designated shelter-in-place area, seek shelter in a windowless interior room or hallway on the lowest floor of the building.

All building occupants should take shelter in the interior of office suite 103. If time does permit, seek shelter in the Speech and Hearing Sciences clinic.

------------------------

Bomb Threat/Fire
In the event of a bomb threat or fire in the building, all building occupants should immediately evacuate the building using the nearest exit. Once outside, proceed to the designated assembly area. If unable to safely move to the designated assembly area, contact on or more members of your department or unit to let them know you are safe and inform them of your whereabouts.

Persons with mobility impairments who are unable to safely exit the building should move to a designated area of refuge and await assistance from emergency responders.

All building occupants should immediately evacuate the building and proceed to parking lot 53 south of the building.
TORNADO SHELTERING
If time permits, move to Speech and Hearing Clinic for
tornado sheltering. If immediate tornado sheltering is
needed, seek shelter in an interior room away from
exterior walls and windows.
