Emergency Evacuation Procedures

Facilities Complex
2204 W. Prairie St., Denton, TX 76201

Severe Weather
In the event of severe weather, all building occupants should immediately seek shelter in the designated shelter-in-place area in the building. If unable to safely move to the designated shelter-in-place area, seek shelter in a windowless interior room or hallway on the lowest floor of the building.

All building occupants should take shelter in either:

- Facilities Office Building in the interior hallway between rooms 150 and 158
- Facilities Services Building in the interior hallways between rooms 150-160 and 128-130

Avoid standing near windows, walls and doors made of glass.

Bomb Threat/Fire
In the event of a bomb threat or fire in the building, all building occupants should immediately evacuate the building using the nearest exit. Once outside, proceed to the designated assembly area. If unable to safely move to the designated assembly area, contact one or more members of your department or unit to let them know you are safe and inform them of your whereabouts.

Persons with mobility impairments who are unable to safely exit the building should move to a designated area of refuge and await assistance from emergency responders.

All exits are clearly marked and all building occupants should immediately evacuate the building and proceed to parking lot 17 north West Hall.
