Emergency Evacuation Procedures

Joe Greene Hall
800 Avenue A, Denton, TX 76201

Severe Weather
In the event of severe weather, all building occupants should immediately seek shelter in the designated shelter-in-place area in the building. If unable to safely move to the designated shelter-in-place area, seek shelter in a windowless interior room or hallway on the lowest floor of the building.

All building occupants should take shelter in the interior hallways of floors 1 and 2 in the building and restrooms. Avoid standing near windows, walls and doors made of glass.

Bomb Threat/Fire
In the event of a bomb threat or fire in the building, all building occupants should immediately evacuate the building using the nearest exit. Once outside, proceed to the designated assembly area. If unable to safely move to the designated assembly area, contact your RA to let them know you are safe and inform them of your whereabouts.

Persons with mobility impairments who are unable to safely exit the building should be moved to a designated area of refuge and await assistance from emergency responders.

Residents and other building occupants should proceed to the grassy area, West of Joe Greene Hall.
