Evacuation Assembly Area

Evacuation

If you need to evacuate the building—for a fire, bomb threat, gas leak, or other event—all building occupants should immediately move to the nearest EXIT. Once outside, proceed to the designated Evacuation Assembly Area. If unable to safely move to the designated assembly area, contact one or more members of your department or unit to let them know you are safe and your whereabouts.

Persons with mobility impairments who are unable to safely exit the building should be moved to a designated Fire Refuge Area and await assistance from emergency responders. All building occupants should immediately evacuate the building and proceed to the grassy area at the northwest corner of Kerr Hall.
